Note: Two divisions will be offered. Double and Triple A. You may suggest what division you desire. Teams that have not played on a Triple A level are encouraged to play in the Double A division.

Season will conclude in 14u by June 1st: June will find most players joining high school summer teams. Note that full size fields are hard to come by. Plan to travel to play and plan on some late 8:00p games on a school night.

League game requests. You may submit the request with your payment. Requests are limited to 1 or 2

bad nights for your team. If you have a large request list, this league is not for you. Once the schedule is written changes will cost your team a game per request. Request after the schedule is posted cause conflicts for many more people (teams) than just your team.

It is not the goal of UPG to make changes to the schedule once it is completed. However, changes happen. **Teams should verify their schedule each week.**

High Maintenance Parents: We are pleased to be part of the youth baseball experience. Each team has a coach or manager. All communication will be done with that representative. Every season we have 4 or 5 over the top parents that think they are responsible to contact our office weekly... That is not how this works. Please leave contact and issues to be worked out between our staff and your team management. Thank you.
